

## Help purchase the school uniforms for children in Southern Sudan

While the primary education in Southern Sudan is deemed to be free, parents must pay for registration fees, uniforms and school supplies. Children from poor families would not afford to attend the school thus the lacks of education strengthen the vicious cycle of poverty. Combating illiteracy is the key to breaking the cycle of poverty and your contribution to provide the school uniforms will give children essential tools for learning in Southern Sudan. Currently, Padang Lutheran Christian Relief needs your help to purchase the school uniforms for 240 children enrolled in the Sobat Lutheran Academy in Southern Sudan.
